

WRITTEN INSTRUCTIONS

Jeff Koons...Balloon Dog

Materials Needed:

- Model Magic Clay
- Template Card in DabbleBox
- Old Credit Card/Gift Card/Hotel Key (optional)

1. You can either break up the pieces of clay with your hands, or use an old credit card to cut it.
 2. Using the template card in the box, roll clay pieces into ovals in the sizes on the card.
 3. I am going to show you in the Instructional Videos how to attach your dog, but you can also look at my picture example.
 4. Once we are done attaching, we'll need to let them dry overnight.
-

Yayoi Kusama...Flowers Blooming

Materials Needed:

- White condiment cup
- Template card for flower shape in DabbleBox
- Paper plate in DabbleBox
- Scissors
- Bag of assorted dots and glue dots
- Paint
- Paint brush
- Dotted straw
- Pencil
- Cup of water
- Paper towels

1. Flatten out your condiment cup, by gently undoing the edge and pulling it out.
 2. Using the flower template, draw and cut a flower on the opened condiment cup.
 3. On your paper plate there are 4 shapes to cut out: 2 leaves, 1 eye, and 1 zigzag oval.
 4. Paint your flower, leaves, zigzag oval and eye, then let them dry.
 5. Once dry, we are going to add dots to them in a few different options.
 6. First, attach the small foam circle to the middle of your eye.
 7. Using paint and your pencil eraser, you can add dots to one of your parts.
 8. Using dot stickers, you can add to another part.
 9. Using sticky gems, you can add dots to another part.
 10. Let all paint dry and then we are going to attach all of our parts.
 11. Using glue dots, attach the eye to the center of the zigzag oval, then that piece to the center of the flower, then that piece to the two leaves.
 12. Using another glue dot or tape if you would like, attach the completed piece to the dotted straw.
-

Alexander Calder...Standing Mobile

Materials Needed:

- Wood block with wire
- Bag of wires and foam stickers
- Paint
- Paint brush
- Foam stickers in the bottom of your DabbleBox
- Cup of water
- Paper towels

1. Paint your wood block however you like.
 2. Once dry...the foam stickers in the bottom of your DabbleBox are also to decorate your wood block.
 3. To assemble your mobile, we will use the wires and foam stickers in the bag.
 4. See Video for assembling.
 5. The foam stickers are mirrors of each other to attach together at the end of the wires.
 6. We will be balancing the larger wire on the main wire on the block, and the smaller wire on one side of the hanging wire.
-

Wassily Kandinsky...Concentric Circles

Materials Needed:

- Bag of yarn, stringed CD, wood square, plastic needle, foam sticker.
- Scissors
- Patience!

1. We are weaving on our CD in a circle.
2. As always, weaving is easier learned by watching the instructional video.
3. You will have to watch to learn this one...See you on the screen!
